SINN FEIN ATTACKS UPON SIGNAL-BOXES.

Outrages at Manchester.

1 Reuter's Service.)

There were a series of Sinn Fein outrages at railway signal- on a European lady was related Competts at the Criminal muniques strictly secret and Mr. Justice Wood, Ho Ying was boxes in the Manchester district last night similar to those in London. at the Criminal sessions before Sessions to-day three Chinese prohibiting the press from charged with robbery with A signalman near Stockport was twice shot and wounded. Altogether His Honour Mr. Justice Compertz appeared in connection with a publishing military news, many violence, at Hunghom, on June four signal-boxes were set on fire.

THE GRAECO-TURKISH CONFLICT.

Proposals to be Sent to Athens.

Paris, June 19. Earl Curzon and M. Briand have agreed upon the mediation proposals, which are to be aent to Athens when Count Sforza's adherence has been obtained. If Greece approves the Allies' proposal to place the settlement in their hands, the proposed conditions will be communicated to her. The most favourable impression continues here. The Allied statesmen also deliberated at length upon the Upper Silesian question.

NEW FRENCH LINER.

The "Paris" Ready.

Paris, June 14 (delayed). The Minister for the Navy, the American and Japanese the gold watch. It was banded Admirals MacGrinder and Oguri, and the Presidents of the British over to the police and identified and American Chambers of Commerce in Paris attended at Le- by Miss Sorby. Havre the inauguration of the new French passenger ship Paris, now ready for her maiden trip to the United States. Among the Wakeman said prisoner hit Miss largest and fastest ships affoat, the Paris is certainly most luxuriously fitted and furnished.-Horas.

MEETING OF FRENCH AND GERMAN MINISTERS.

Paris, June 14 (delayed).

French and German Ministers, M. Loucheur and Herr Rathenau. wain met at Wiesbaden, Rhineland, and discussed the conditions of think it my duty to congratulate the next meeting of the French and German experts on reparations. -Havas.

TO-DAY'S CHINESE TELEGRAMS.

Peking, June 20.

A telegram from Berlin states that the Sino-German Commercial Treaty has been appreced by German Government and that a formal of Mrs. M.J.D. Stephens, who

announcement will shortly be made.

Regarding the declaration of self-government by Chekiang, a soldiers came up. His Lordship certain Tuchun in the Yangusze Valley has advised the Government not to take serious no tice of the matter. He thinks that differences saying he was sure that anyone will assuredly arise between the political parties in the province knowing her would be quite sure when they come to draft the "constitutional laws" and that the that she would not fail. Tuchua of the province will regret having taken the step he has.

EARLIER TELEURAMS.

MINERS' EXECUTIVE'S CALL FOR GENERAL STRIKE

London, June 18. The Miners' Executive to-day decided to ask all Trade Unions affected in wage disputes to meet them shortly with the object of taking national action with the miners to secure their mutual demands. Mr. Hodges said that this implied a general strike if the other Unions agreed. The decision of the Miners' Executive to appeal for a general strike has come as a bombshell and makes the coal deadlock worse than ever. The Government's grant automatically lapses and the miners no longer have the opportunity of resuming with an initial reduction not exceeding one florin daily. The position of the Executive is embarrassing, as they are aware that there is a movement in the coaldelds in favour of resumption despite the ballot, wherein only sixty-four per cent of the miners voted. In view of the Triple Alliance failure it is not considered likely that other Unions contemplate a stoppage. The result of the miners' ballot astonished even the Executive of the Federation. indicating that the men are still obstinate on the subject of the question on which the strike was first declared, namely, a national pool. Nevertheless the owners are opening the pits on Monday, believing that numbers of men will resume, if not immediately certainly during the week. Mr. Lloyd George informed Mr. Hodges that the Government's offer of assistance of £10,000,000 cannot be renewed after to-morrow.

THE ANGLO-JAPANESE ALLIANCE.

London, June 19.

As regards the British Cabinet's advocacy of a renewed understanding with Japan, the Observer's diplomatic correspondent says that the Cabinet makes a fundamental point of its desire to prevent the partition of China, to preserve the open door to China, and give her a fair chance. Mr. J. O. P. Bland, in an article in the Observer, emphasises that no renewal of the Alliance can serve to promote peace in the Far East unless it sincerely reasserts the Article in the existing Treaty providing for the independence and integrity of China. It declares that China's weakness constitutes. the pivotal fact in the Far Eastern problem. If this weakness is to be cured. China's independence preserved, and its resources developed to the general advantage, it will be necessary before long for the Powers concerned to intervene, and insist upon certain real reforms-namely the disbandment of the Tuchun's rabble armies. the re-organisation of the administration and the restoration of normal fiscal relations between the Peking provinces. If, as the writer hopes and believes, the Japanese Government is ready to co-operate-therein, a renewal of the Alliance will be an event o good augury and welcome to every true friend of China,

THE CANTON GOVERNMENT.

Washington, June 18.

Dr. Sun Yat-sen has appealed to President Harding to retognise his government, declaring that unless America lends a helping hand "we shall be compelled against our will to submit to Japan's twenty-one demands."

AMERICA'S MERCHANT MARINE.

Washington June 13. President Harding, discussing with the members of the new Shipping Board questions of policy, said he desired when he left office to be known as head of the administration whereunder the American merchant marine was re-established. This could not be accomplished speedily but must be built on the development of private initiative.

A batch of new sparring Chinese press seems to be the gation from the teachers' union in partners arrives from France on Monday, when Carpentier begins question of whether the students conference with Mr. Ma, and to his course of real fighting.

THE NEAR EAST.

Paris, June 19. It is trustworthily stated that Lord Curzon has proposed the initiation of direct negotiations with a view to securing peace i the Near East, firstly by approaching Greece and requesting that settlement be left in the hands of the Allies. If Greece accepts the Turks will then be approached, and should the Turks then refuse, the Allies could lighten the financial restrictions hitherto imposed on Greece. Should the Turks accept they would be guaranteed the benefits conferred under the London Agreement.

THE COTTON TROUBLE.

London, June 18. There is a hitch in the cotton settlement. It appears that the meeting of the operatives' delegates at Manchester ended in a hubbub presentative of the 12 studen: by the police, after the wounded and confusion. A vote in favour of the acceptance of the terms was challenged and subsequently negotiating committees of the employers and employed, who met to sign the agreement, decided to adjourn until June 24 to give some of the workers, organisations an

IMPERIAL CONFERENCE.

London, June 17.

During the course of his reply to the debate in the House of Commons on Empire policy, Mr. Chamberlain mentioned that as the pressure of the public made it impossible for the full Committee of Defence to resume all its pre-war activities, a provisional solution had been found in the establishment of a Standing Defence Sub-Committee, meetings of which had been regularly attended by Secretaries of State, War and Air, of the Colonies and India, the First Lord of the Admiralty, the First Sea Lord, the Chief of the Imperial General Staff, the Chief of the Air Staff, with representatives of the Treasury and any other departments concerned from time to time. That Committee had been meeting regularly thrice weekly for three months and had already achieved a great deal of work.

AUSTRALIANS AT THE OVAL.

London, June 13.

At the Oval before 18,000 spectators in sunny weather and on a perfect and very fast wicket, the Australians won the toss in their sided. Mr C. C. Wu rematch against Surrey. Their early battemen completely failed, five presented President Sun. Revr. wickets falling for 65 runs. Then Gregory's lusty hitting sent up Edgar Dewstoe of Fatahan gave the score of the Australians to 213. In a very lucky innings of the prayer. Mr Kwok Lam Shong 101, which occupied 135 minutes, Gregory gave several chances. Surrey's fielding and bowling were good. Hitch took five wickets for 74 runs. At the close of play, Surrey had scored 85 runs for the loss of five wickets. The scoring was slow, due to the splendid fielding of the Australians.

SPANISH MAYOR SHOT.

Barcelona, June 17.

Four individuals fired several revolver shots at the Mayor while en route to the Town Hall this morning. One shot struck the Mayor in the side. The injury is not serious. The King and Queen of Spain have sent a message of sympathy.

TENNIS CHAMPIONSHIP.

London, June 18.

At the Queen's Club in the final of the London Championship Singles, Shimidzu beat Sleem 6-2, 6-0.

CANTON CHRISTIAN COLLEGE.

Closing Exercises.

The annual opening cere-

ed trees on the west growing up. At 12:30 another of the distinc-

tive buildings belonging to the College was opened to the public. It is a Guess House given by Mr Ma Ying Piu. one of Trustees of the institution. Chinese friends and visitors to the College will now have a place in which the cen find every comfort and can spend a night if they wish. The building is near the gate. The view in all directions is refreshing in itself, and the attractive furniture-there are four cool bedrooms fully equipped make it certain that the Guest House will be much used. Both Mr and Mrs Ms took part in the opening cersmony. The College has one

more reason to be deeply indebted.

to them for their constant interest. and great generosity. The scademic procession formed at Martin Hall and entered Swasey Hall while the College Band played. Mr W. K. Chung. Vice-President of the College prerepresented his class by an oration in English on "The Call for Rural" Leadership in China. ... The president of the Kwangturg Educational Association, Mr Wong Ching. Wai, made the address of the day

in Chinese on "The Discriminating

Attitude towards the New

Thought." There were three candidates for the degree of B.A., conferred by the College with the authority of the Regents of the University of the State of New York. Miss Lenng Tsau Ming was one of these. In presenting her with her diploma the Dean of the College announced that she was not only the first woman student to get a western dagree here but the first to receive this honour in China. It is the tearnest wish of the College to serve this country by providing a thorough scademic course for women that will make it unnecesime bungry, they provided them sary for them to leave China for with food and left them to nurse their undergraduates years. Miss. their indignation. The story of Leung will go this summer to an encounter with a Cabinet America for graduate study in official got abroad, however, and education at the University of next morning the student bodies Michigan where she has been arranged for a public parade and awarded one of the Barbour demonstration. This gathering Scholarships for Chinese Women.

Mr Wong Yat Chin received his Lam Shong, the third candidate in agriculture. This was the third occasion on which the Cullege has granted degrees and there seems every prospect that it will continue to have students graduating every year without interruption.

Junior certificates were awarded. from behind or by the charging went with the students to the pleted a middle school course (for which alone certificates have not hitherto been a granted) and one year of college work certificates from the Middle School to filty-one istudents. In both of these there. are women students, and one woman received an honor certificate as ranking among the first five per cent of the entire college.

Next year junior certificates will not be awarded at the end of the Freshman year in the college but at the end of the Buphomore year, at which point pre-theolgical, agricultural courses naturally end.

BUSY IN BALTIC PORTS. In addition, it is busy in Baltic ports, has a big tug service. numerous travel bureaux and an air service. In spite if its great war losses, it paid 8 per cent. both in 1919 and 1930. In the latter year its net 'profits amounted to M.14.000.000.

The Hamburg-America Line (capital M.280,000,000) is another example of the remarkable position of the German shipping concerns, notwithstanding the tremendonely heavy blow dealt them by the war and the Treaty of Versailles.

The recent increase of M. 190, 000,000 in its capital was mainly for the purpose of enabling it to carry out an extensive scheme of exchange of shares with other concerns—in the case of the Hamburg-South America Line alone this will involve as much as M. 20,000,000. This policy brings about a form of working agreement and a degree o control.

The company's agreement with the Kerr Line (by which the Hamburg-U.S.A. and the Hamburg-River Plate services are taken up again) "led to a much more important agreement with the Harriman concern. Like the Line, the main trading "territory" N.G.L., the Hamburg-America of which is the west coast of South lalso works with Messrs. Holt and America, and which, by its agree- Messrs. KRYPTOK LENSES

are the most perfect double focus glasses for both reading and distant. In the ordinary bifocal lens, the segment or part for reading is comented to the distant lens, raising the segment above the surface of the main lens. The segment and the line of union are always more or less noticeable. In Kryptok lens, no cement is used, but the reading segment is electrically fused in a depression in the main lens. while the whole lens is ground smooth on both sides to the desired focus. Kryptok lenses of any prescription in either regular or Toric form are manufactured by the Hongkong Optical Co., Successors to Clark & Co., Optical Prescription Specialists, located 53, Queen's Road Central.

COMMERCIAL NEWS.

COTTON MILL AT CANTON. A message from Canton states states that a new cotton mill. capitalized at \$3,000,000, is about to be built in one of the outlying districts of Canton.

ELECTRIC SUPPLY AT POOTUNG. . The Pootung Electric Supply Company has finished installing lits second plant, and since the suppy of all high current the demand has been enormously increasing.

> WIRELESS PLANT AT U.S. LEGATION.

At a cost of G. \$150,000 the American Government is having erected in the grounds of the American Legation at Peking, one of the largest wireless plants in China.

MANCHURIAN IRON AND COAL. A commission of six mining experts will sail from Seattle to China for a geological and engineering examination of iron ore and coal deposits in Manchuris for the Sourth Manchurian Railway.

THE AMUR RAILWAY. The Amur Railway is in a bad state of repair and it will require an immense outlay to restore it to perfect working order. A group of British capitalists of excellent financial status is said to be couducting negotiations to lease the

WENCHOW TRADE. The gross value of the trade of this port in 1920 reached the record figure of Hk. Tls. 8,188,916. The net value of foreign goods imported fell off nearly 61 per cent, exports of Chinese goods abroad and coastwise likewise felloff to a small extent, but Chinese imports improved by 74.12 per cent. The increase in the value of imports is accounted for by the high cost of living which had a very direct effect upon the cost of producing articles "of local

origin,

FORESTRY IN SHANTUNG. Since the establishment of the Shantung Forestry Office much activity has been shown in the province. At the request of the Silk Merchants Association of Chefoo, no fewer than 52,000 trees-both quercus Mongolica and Mulberry-bave been transported to the bsiens within the jurisdiction of Kiachow. A smallnumber has been also sent to Chefoo. For the protection of the Chefoo-Weibsien and Tehcow-Lintz motor roads the Tsingchow Forestry Bureau has bought 30,-000 trees for planting on the highway borders. The Tsinan Forestry Bureau, too, reports progress. In the Spring of 1920 more than 1,000,000 trees of all kinds were planted and 2,000 caks were the record of the autumn activity. This year 1,500,000 shoots of pine have already been purchased and are being planted every day. An exchange for Forestry shoot was started last year, and 40,000 seeds have been circulated throughout the province. The Forestry Office is undertaking the publication of books on the subject. The first, "Shantung Forestry Questions" is already in circulation.

SHIPPING NEWS.

CONCESTION AT HAVANA. The serious congestion at the port of Havana is reported to be much improved.

DAIREN-NAGASAKI CABLE The new Dairen-Nagasaki cable has been completed and is now in full working order. "

JAPANESE SEAMEN. More than 15,000 Japanese seamen are stated to be idla as a result of the slump in shipping,

C.S. WOODEN CRAFT. The U.S. Senate has directed the Shipping Roard to sell all wooden ships under its control before October 1.

CUNARD PROGRESS.

The Cunard Steamship Company is making progress with its The new vessels are not forthcoming at anything like the rate of pre-war times, but before the MANILA LINE :-- A weekly service is maintained with Manila by present year is over the line vessels with good passenger accommodation, sailings from should be in a far stronger position than ever.

EFFECT OF COAL STRIKE. Shipping at the Home ports has shrunk to a minimum owing: to the coal trouble and every day increases the number of vessels held up for want of coal. A. every vessel, including mail boate. is strictly rationed in bunkers, in is to be expected that there will be a certain degree of unavoidfrom the United Kingdom, in view of the extreme economy in coal consumption which is necessatily being practised by shipping companies.

NOTICE TO MARINERS. Notice is by given that information has been received from the Japanese Authorities at Dairen regarding the increased visibility of certain lights in Dairen Harbour. Visibility in Clear Weather has been increased to the following distances: Light Pole of old Pier (U) (Ilmiles.). Southern Light of East Entrance (U) (11); Northern Light of Ess: Entrance (U) (II); Southern Light of West Entrance (U) (1014): Northern Light West Entrance (U) 1012: Eastern Light of North Entrance (1314; and Western Light of North Entrance (U) (13½).

FIRES AT SEA. The Inspector-General of Steamboat Service, U. S. Department of Commerce, states that 14 per cent. of all property lost at sea, and 7 per cent of the lives lost at sea, are due to fire. Just 50 per cent. of the fires originate in the cargoes, and 94 per cent. are on board non-nassenger vessels. The cause of 28 percent. of the fires cannot be traced, while 14 per cent, have been traced to oil or coal bunkers. One twellth of the fires begin in the superstructure and very few in the engine-room." The majority of fires at sea are due to causes

impossible of prevention what-

ever precautions are taken.

THE ELECTRIC DRIVE. In addition to the many economical advantages claimed for the electric drive over steam engine propulsion, the new Tampa will, it is said, be much easier to control and can be reversed in much quicker time than its predecessor, a feature of much importance in this type of boat which meets amergencies where There is also the uniformity of propeller speed, which pravents 'racing" of the propeller, no master how rough the sea may be or how often the stern may pitch out of the water. Then, too, there is the reported total lack of vibration, giving more comfort to those on board and reducing the hull strains. The Tampa's main propulsion machinery consists of two oilburning water tube boilers, anpplying steam to a steam turbine directly connected to an alternating-durrent generator, which supplies electric power to a synchronous motor of 2,000 horsepower.

DOLLAR CO. ACQUISITIONS. The Robert Dollar Company bas acquired two ex-German steel four-masted barques which were interned, at Santa Rosalia. They are the s. Walkure, 3,049 tons net, 330-ft by 47-ft by 27-ft., built by A. McMillan & Sons at Dumbarton in 1902, and the s. Orotava, 2,890 tons net, 323-ft. by 46-ft. by 26-ft., built by Hamilton's of Glasgow in 1901. The Orotava must not be conlased with the famous old Australian mail bost of the same name, which afterwards did good service on the South American and then the West Indian lines of the R.M.S.P., finishing her thirty-two years of service under the British Ministry of Shipping. She was handed over to the shipbreakers about three months ago.
